## PREPARING STUDENTS FOR RETURN TO SCHOOL

As we get ready to return to school, this is a great time to prepare kids for required safety precautions like wearing masks or face coverings. Share with kids that by wearing a mask, we can keep the people around us safe. Have kids practice wearing masks for increasing amounts of time. Learn more about children and masking at <http://ow.ly/XgBz50BKjAK>.

Teachers and staff will continue to teach and encourage healthy behaviors, and families can model healthy behaviors at home. To avoid the spread of germs:

- Wash your hands for at least 20 seconds.
- Wear a face covering or mask.
- Cover your cough and sneeze.
- Maintain physical distance.
- Avoid touching your face.
- Stay home when you are sick.

Please practice these habits at home with your kids. Learn more at <http://ow.ly/ctQG50BJWmD>.

Practicing physical distancing will be important and more challenging at school. Make sure children and everyone else in the household keeps at least 6 feet away from other people who don't live with them and people who are sick (such as coughing and sneezing). Using outstretched arms is a helpful tip for kids to estimate appropriate distance from others. Learn more about keeping children healthy at <http://ow.ly/wHZa50BNwwp>.
